›› *Coomassie Brilliant Blue staining*

(1.) *Optional:* Place gel in a container with water. Microwave at 1 000 W for 1 min.

(2.) Transfer gel into a tray with Coomassie staining solution. Rock gently at room temperature for 15 min. 15 min

(3.) Discard staining solution. Rinse briefly with water to remove excess dye.

(4.) Add Coomassie destaining solution. Rock at room temperature for 45 min. 45 min

(5.) Pour off the destaining solution into a collection bottle for reuse. Replace with water and add a lint-free wipe in the tray to soak up free dye. Destain overnight until background disappears.
